Letter No L1 C 203/RR 14/49-50 dated 21-4-56 from the L1 pr 53/55-56

Commr C B forwarding a copy of the corporation advocate as called for

6) For the reasons stated in the report of the corporation advocate, it is suggested that the preliminary notifications in respect of the acquisition in question, may be again published, superseding the first one and award passed based on the existing market values at the time of publication of this second notification, because the interval that has elapsed from the first notification dated 18-1-50 is fairly long and also plan of the properties was not made available to the public at that time for inspection as required by law

'B'

'A' in the collection

7) In the circumstances whether the notifications sent by the Commr may be published again, in view of the reasons pointed out in the previous notification, or whether the Law Dept may be consulted as to the legality in the part of issuing another notification of the same type again is for orders – refer paras (2) and (3) supra

Ex 26/4

8) Preliminary notification was issued first in January, 1950 – Vide letter No L 7395/C II 7-49-56 of 18-1-50 (fly A)

In the light of the remarks of the corporation Advocate, the preliminary notifications are again proposed to be issued afresh in respect of the same properties

Ms 27/4

11) Kind reference is invited to Section 4 (1) of the L.A. Act, which lays down as follows

Whenever it appears to the Govt of Mysore that land in any locality (is needed or) is likely to be needed for any public purpose a notification to that effect shall be published in the Mysore Gazette, and the D.C. shall cause public notice of the substance of such notification thereof at convenient places in the said locality"

Section 5A of the Act reads as follows

" Any person interested in any land which has been notified under section 4, sub section (1) as being needed or likely to be needed for a public purpose or for a Company may within thirty days after the issue of the notification, object to the acquisition of the land or of any land in the locality as the case may be"

Again Section 6 (2) reads as follows —

"The declaration shall be published in the Official Gazette, and shall state the district or other territorial division in which the land is situate, the purpose for which it is needed, its approximate area, and where a plan shall have been made of the land, the place where such plan may be inspected

12) Therefore side by side with the declaration of the notification, in the Mysore Gazette, the substance of such notification must be given at convenient places in the said locality and the particulars of the survey required, extent of area, its plan should be made available to the public in the place where it is stated to be made

13) As these formalities which are prerequisite to the Completion of the acquisition proceedings, are stated to have been not observed in this case it appears desirable to issue fresh preliminary acquisition notifications once again, treating this as, though a fresh case, to enable Corpn. to observe all the required formalities to validate the acquisition proceedings as per Act provisions, as suggested by the Corpn. 16) The Proj Notification under Section 4 of the L A Act is merely a notice to the public that certain lands are needed for a public purpose ~~If this~~ There is no doubt no time limit for it being followed up with the Notification of the declaration of the Govt to that effect under Section 6(2) But if it is not so followed up within a reasonable time, it may be contended that it amounts to the abandonment of the proposal to acquire. In this case the Proj Notification

SIR

Subject Acquisition of certain properties in Balepet Road, behind Sri Narasimhaswamy Temple and Dharmambudhi Tank Bund Road, for the formation of a Deviation Road at Majestic Circle (improving the roads in front of the Majestic Circle and proposing one way traffic road behind Sri Narasimhaswamy Temple, Bangalore City

---

With reference to the above, I write to state, that as per instructions received from the Secretary to Government, General Departments, Bangalore, in his letter No L 12226 dated 22-4-1949 on the above subject, an acquisition proposal was got up at an estimated cost of Rs. 28,617/- to acquire some properties in Balepet Road and the same was approved by the erstwhile City Municipal Council at their meeting held on 5-8-1949 Then the draft preliminary notifications were forwarded to Government and got the same published in the Gazette dated 23-3-1950 vide notification No L 7397/C M 7-49-55 dated 18th January 1950 (copies enclosed) For want of sufficient funds and also some other reasons the proposal was not pushed through The Corporatic at their meeting held on 30th November 1953 re-opened the question and referred this subject to Standing Committee (T P & I) for consideration and they at their meeting held on 28th December 195 approved the proposal (vide copy of the resolution enclosed)

Owing to heavy traffic in Balepet, there is absolute necessity to form one way traffic road and to improve the surroundings of Majestic Circle in the interest of the public

Hence, it is proposed to execute this scheme this year The preliminary notifications already published in the Gazette on 23-3-1950 do not hold good at present as opined by the Corporation Advocate in his report dated 24-9-1955 Therefore I am forwarding herewith fresh preliminary notifications in duplicate both in English and Kannada for favour of arranging re-publication in the Official Gazette authorising me to hear objections under Section 5 (A) Land Acquisition Act

The estimated cost of acquisition amounting to Rs.28,617/- will be met out of the Corporation funds

The Compiler, Mysore Gazette, may be requested to send 25 spare copies of notifications of each set to this office as usual

CORPORATION ADVOCATE'S OPINION (6)

Returned w/c

I have perused carefully the proceedings found in the file and the notes I find that the interval that has elapsed after the Notification is a fairly long period Further at the time the Gazette Notification was made, it is stated there that the plan of properties is available for inspection when in fact it was not so The fresh plan that was contemplated was not made available The parties did not have the opportunity to state their objections in the manner required by law or with reference to the plan of the proposed acquisition A fresh Notification has therefore to issue I may add that the amount should be determined when passing the Award based on the Market value as on the date of the second Notification which is deemed in law to have superseded the first Notification
